

## SESSION OF COUNCIL

Monday Evening Presided  
Over By President Dever

After An Illness Covering  
Period Of Seven Weeks

The City To Send Clerk  
Wootton To Cleveland

To Get Important Papers  
From A Former Clerk

Other Business Transacted  
By The City Fathers

After an illness of seven weeks, President Dever was able to preside over the deliberations of the city council at the regular meeting on Monday evening. All members were present. The minutes of the previous session were read by Clerk Wootton and were approved.

A bill from a Columbus firm amounting to \$245 for building the new voting booth for Precinct B, of the Fourth ward, was presented. Mr. Salisbury offered a motion that the bill be allowed. The motion prevailed.

The Avery-Loeb Company presented a bill for \$16.65 for wiring the election booth. Upon motion this bill was referred to the finance committee.

Service Director Blinn reported favorably on giving the property owners of West Chestnut street, between Main and Mulberry streets, permission to pave the street and to set out the curb as to make a 34 foot street. The street is now 44 feet from curb to curb.

The clerk stated there was a resolution up for third reading having for its object the question of submitting the proposition to the electors of the city of issuing bonds to build and equip a municipal electric plant. The resolution at a former meeting was referred to a special committee of which Mr. Dubinsky was chairman. Mr. Dubinsky stated that the committee would ask for more time in which to complete the investigation and that a report would be made in a week or so.

The public improvement committee offered a report recommending that the service director prepare the necessary legislation to purchase a strip of ground from S. B. Church for \$50, the same to be converted into a street, so as to complete the right of way to the proposed site of the sewage disposal plant. Mr. Cole offered a motion that the report be received and placed on file. Carried.

A resolution was introduced declaring it necessary to construct a sidewalk on Harrison street in front of houses numbered 34 follows: \$91, \$93, \$99, \$97. Upon motion of Mr. Salisbury the resolution was referred to the street committee.

Mr. Weaver of the ordinance committee stated that he had been informed that the county commissioners would assist the city in making the repairs to the trolley in the west end of Mt. Vernon. Mr. Weaver offered a motion that a committee be appointed from the city council to confer with the commissioners. Mr. Clifton moved that the ordinance committee be appointed. The motion prevailed.

Mr. Weaver reported that the planking at the crossing of the street railway at the corner of High and Catherine streets lay at the corner of Pleasant and Catherine streets, was in a dangerous condition and offered a motion that the city clerk be instructed to notify the street railway company to make the necessary repairs. Carried.

Mr. Clifton stated that many weeks ago a cross walk had been ordered over Sugar street at Mechanic street and that the walk was never put down. Director of Service Blinn stated that the walk had not been put down for two reasons. In the first place the board had never been notified by council to construct the walk and in the second place the board had no funds to put down the walk. While this discussion was in progress an ordinance was prepared transferring the sum of \$25 from one fund to another in the service fund in order that the cross walk might be put down. The ordinance was introduced and upon motion the rules were suspended and it was read for the second and third times and was passed, all voting aye.

Mr. Salisbury offered a motion that City Clerk Wootton be sent to Cleveland and try and secure from former city clerk, Rollin R. McIntire certain ordinances and assessments, which it is alleged he holds in his hands, and which he has not delivered up to the present city clerk. The motion prevailed. The city is to pay Clerk Wootton's expenses for making the trip to Cleveland.

Adjourned.

## EXCELLENT

Training For Men Enlisting  
In Field Artillery

Prospects Seem Good For Mt.  
Vernon To Secure A Battery

The prospects seem bright at the present time for the establishment of a battery of field artillery in Mt. Vernon. Mr. Arthur C. Thompson of Gambier is actively engaged in securing the names of persons who are willing to enlist.

From National Guard Tract No. 6 issued from the adjutant general's office, the following data is given in reference to the advantages and privileges that come from the formation of a battery.

The Ohio field artillery is composed, at the present time, of three batteries as follows, one in Cleveland (A), one in Toledo (B), and one in Columbus (C). The battery if organized in Mt. Vernon will be known as Battery D. The equipment of all the batteries is identical and consists of the latest 3-inch rapid fire guns, with full personal equipment for 133 men per battery.

To men enlisting in the Field Artillery there is offered training and instruction in the following subjects:

School of the Soldier, Mounted and Dismounted.

Instruction in Camp Sanitation and First Aid to the Injured.

Instruction in Driving and the Care and Handling of Horses.

Instruction in the handling of Field Artillery and High Explosives.

Instruction in Signaling, including Telephone, Hellograph, Flash Lantern, Flag Signaling, Wire Laying and other incidental operations.

Instruction in Map Reading, Road Sketching, Scouting, and as Artillery Agents.

Instruction in Camp and Bivouac.

Instruction in Pistol Shooting.

The instruction is progressive and the member is specialized in those things that he is best suited for and in which he is most interested.

The annual encampments are always full of interest and the target practice is full of interesting questions and situations, while each shot furnishes excitement.

The instruction costs you nothing.

The privileges of the armories in three cities of the state are open to you, and you will be welcomed in battery armories in twenty-four other states from Lakes to Gulf and the Atlantic to Pacific.

The clothing and equipment costs you nothing.

Revolver shooting costs you only the effort to get to the range.

You are paid for attendance at camp, together with your food and all other expenses.

The opportunity of promotion to commissioned rank is open to you if you desire it and will fit yourself for it.

Your health and protection from disease are matters of careful study and sanitary measures.

Your bodily strength is increased by the exercises of the armory and drill held as well as the athletics which are a part of the instruction.

You will be taken care of and financially reimbursed in the case of sickness or accident incurred in the service.

You will, after the required length of service, be eligible to enter the State Soldiers' Home at Sandusky, when age, injury or sickness has rendered you unfit for work.

You become, on enlistment, a member of a club owning the finest club house on Lake Erie (at Camp Perry).

Thomas A. Wise has a humorous one-act play called "Like Father, Like Son."

## MT. VERNON

Man Up In Police Court In  
Mansfield, Monday

(Mansfield News)

The police court had the unusual spectacle Monday morning of a boy in knickerbockers, sitting in the row reserved for the men and women accused of infractions of the law. The boy whose name is John Bell, is 16 years old and lives on a farm near Utica. He is a good-looking lad and was well-dressed. The charge against him was disorderly conduct. He seems to have come to Mansfield Saturday about midnight for a lark and his actions in court indicated that the lad regarded his arrest as a grand finale of the said lark. He came to Mansfield in company with Joe Medcalf, of Mt. Vernon, who was also arrested.

John Bell, Joe Medcalf and John Hathaway, the latter of this city, were arrested Sunday morning about 1:30 on North Franklin avenue, and locked up. A charge of fighting was placed against Medcalf and Hathaway, both of whom are married. Hathaway, was tried first and pleaded guilty. Medcalf pleaded guilty under protest. He said Hathaway knocked him down but he said he did not strike Hathaway who had accused him of taking his money.

Medcalf said that Hathaway said the money was taken when they changed clothes. Upon the mention of changing clothes, the mayor wanted to know why there had been a change of clothes. Medcalf said Hathaway had made John Bell take off his knickerbockers on the street and let him put them on. This testimony was corroborated by the boy, who said he was strong against making the change but that Hathaway had made him change. Hathaway is a tall man and must have cut quite a figure in the boy's knee pants. Hathaway had been fined five dollars and costs but when the mayor heard the testimony of the boy and Medcalf he said, "If I had known this sooner, Hathaway, you would not have gotten off so easily."

The court dismissed the case against the youth and told him he must go home on the first train going south. He gave him some good advice before starting him out. A man from Mt. Vernon who was in court as a spectator, said John Bell's father and mother have separated and that the mother is married again. The man from Mt. Vernon did not give the father a very good recommendation. Medcalf was fined two dollars and costs, but was not able to pay.

## DENIES

Report Of Purchase Of S. E.  
O. Traction

(Newark Advocate)

Manager H. L. Montgomery of the Licking Light and Power company, today denied the report emanating from Crooksville that the Ohio Light and Power company contemplated the purchase of the Southern Ohio Traction line. The report was given general circulation over the state in Saturday and Sunday papers.

The Ohio Light and Power company is a subsidiary of the American Gas and Electric company, which owns many Ohio light and power plants, including those of Newark, Lancaster and Mt. Vernon. Mr. Montgomery is general manager of the plants at the three last named places.

According to dispatches out of Crooksville, the Ohio L. & P. company expected to take over the Southeastern properties and extend the traction line to New Lexington. President W. A. Wilson of the Southeastern company also entered a denial of the proposed change when interviewed by newspaper men.

Diarrhoea Quickly Cured

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriole, Pa. That is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. For sale by all dealers.

DEPUTIES APPOINTED

Columbus, O., Sept. 23—State Fire Marshal Deffenbaugh today appointed as deputies Dan L. Tobias of Bucyrus, J. A. Anderson of Millersburg and George Schneider of Minister.

## SOCIETY NOTES

Entertained  
With Dinner  
Mrs. Eugene Cornell of 118 East Burgess street entertained with a dinner Monday in honor of the birthday anniversary of Mrs. Arthur Mitchell and Master Hildreth Larimore.
